EDUCATION

- BCA | smt. K.B.Parekh Comp. Science College - Mahuva 64.47 % | 2022 - 2025
- XII (HSC) | Government High School - Tared 92.40 PR | 2020 - 2022
- X (SSC) | Government High School - Tared 82.74 PR | 2019 - 2020

PROJECTS

- **MapMind - World Explorer** | ReactJS, Tailwind CSS, REST APIs, Responsive [[Live](#)]

Developed an interactive and visually engaging web application designed to help users explore global maps and discover detailed country information. The project features robust live data integration through asynchronous REST APIs to fetch real-time geographic and statistical data. Built using React functional components, the app delivers a smooth user experience with dynamic search functionalities and a fully responsive layout optimized for all devices.

- **Personal Portfolio Website** | ReactJS, Tailwind CSS, Responsive Design [[Live](#)]

Designed and built a clean, modern professional portfolio website to effectively showcase front-end developer skills, technical expertise, and personal projects. Developed using clean and reusable ReactJS, Tailwind CSS to ensure a 100% responsive layout across mobile, tablet, and desktop screens. The architecture focuses on performance optimization, achieving fast loading speeds and smooth scroll animations for a seamless user experience.
